

Bocce Divisioning Score Card

Please use this form to fill out the Bocce Entry Form.

Athletes Name: _____ Gender: _____

Team: _____ Score: _____

1. Each athlete shall throw 3 balls at each distance of 30 feet, 40 feet and 50 feet.
2. Palina shall be placed in center court at each distance.
3. Measure the three closest balls in **centimeters** at each distance.
4. If palina is moved by movement of thrown ball replace palina to original position before next ball is thrown.
5. Add the nine scores up to get athletes total score.

	Ball 1	Ball 2	Ball 3	Total of 3 balls
30 Foot Line				
40 Foot Line				
50 Foot Line				
Total score of nine balls				

If an athlete is unable to play full court competition, they can be placed in lead up bocce on half court, using only the throwing lines and sidelines.

Any athlete that is registered and does not have a score will be placed in the highest level of competition. All scores need to be in centimeters. You can convert inches to centimeters on the computer using metric conversion.

* Throwing line is at 10-meter line.
